Subject: Anchor - heart and plaque

Dear colleagues,

Let us express our highest respect and convey best wishes.

Taking into account negotiations on the transfer of the Odesa tourist symbol Anchor-heart from Odesa to the partner city of Klaipeda, we would be very grateful to receive soon a written consent signed by the Mayor of Klaipeda on readiness to accept the Anchor-heart monument.

We would be appreciated if You define the planned location of the Odesa tourist symbol Anchor-heart. It seems that our gift would become a prominent decoration of Your promenade, which will be named after Odesa.

At this point, we would like to send You the plaque project which is to be installed on the Anchor-heart monument. The approximate plaque size is 30x10 (to be defined).

We should pay attention to the QR code with a link to the Odesa tourist site (<https://odessatourism.org/en>) placed on the plaque that will be installed at the "Anchor-heart" in Klaipeda.

We would be elated to receive a letter from Your side with an agreement on the plaque.

Additionally, please be informed that Odesa City Council will hold a session soon. Taking into account, that this session will consider the possibility of donating the Odesa tourist symbol Anchor-heart, we would like to provide You with the Gracious Transfer Agreement and Delivery and Acceptance Agreement. These agreements should be concluded as normative documents while the donating procedure.

Looking forward to hearing from You a.s.a.p.

Best regards

Department of Marketing and International Relations

Odesa City Council
